

## NAVAL MEN PLAN FOURTH OF JULY

Independence Day Will  
Be Marked by Interest-  
ing Events.

## FIREWORKS IN PARK

Civic, Military and Fraternal  
Sections Will Feature  
Big Parade.

Much interest is being shown in advance of the Fourth of July celebration which is to be sponsored by the naval veterans. Most interest is centered now on the parade, in which nearly 5,000 persons are expected by the promoters to participate. The route of the parade has not yet been decided.

In the parade will be various sections, the first of which will include the mayor and commissioners, police department and officials of civic organizations. The second section will be the military division, and will include the naval recruiting force of the southwestern district, Army of the Confederacy, G. A. R., Spanish American veterans, Salvation Army, Boy Scouts, Girl Scouts, army recruiting force, Tulsa branch of Naval Veterans of America, marine recruiting force.

The third section will be for fraternal orders, and the fourth section will comprise floats, specially decorated for the occasion. After the parade, the remainder of the day will be devoted to sports at the ball park. Those wishing to enter any of the contests should register at Naval Veterans headquarters 216½ South Boston avenue.

In the evening there will be a display of fireworks at Owen park. Details of the parade are to be determined at a meeting of committees and societies at the Elks club today.

## NEW COMMUNITY HOUSE FOR CITY

Second Presbyterian Will  
Build in July; Cost  
to Be \$8,000.

Erection of the \$8,000 community house now under construction for the Second Presbyterian church at Zuni and Archer will be completed by the latter part of July, Rev. W. H. Murphy, pastor, said yesterday. As soon as the new community house is ready for occupation, the present community house will be remodelled into a parsonage.

The community house will resemble a bungalow in external appearance, with a porch across the front, and will have an unusually high ceiling. It will contain a kitchen with built-in features and a large auditorium with a seating capacity of about 350. Besides serving as a meeting place for the kindergarten, junior, and intermediate departments of the Sunday school, church, social, community gatherings, and the Cherokee Heights men's club, the auditorium will be arranged for basketball games and the exhibition of motion pictures.

The value of showing clean motion pictures for children and adults has been demonstrated beyond a doubt according to Mr. Murphy. The last exhibitions for the summer season will be that of Charles Ray in "His Own Home Town" on Friday, June 18, and of Jack Pickford in "Buck and Finn" on Friday, June 19.

## LAST BILL OF SEASON ORPHEUM STARTS TODAY

The new show starting today at the Orpheum will be the final bill of the season and instead of playing the full week this bill will stay but four days closing on Wednesday night.

The headliner on the show opening today is one of the funniest Rube acts ever presented on any vaudeville bill. It is full of laughs, one might say laugh, because they come so close together it is hard to tell one from the other. Charles Maddock who presents Harry Watson and Reg Merville in this side-splitting vehicle could not select a better cast of fun makers than he offers in "Rubeville."

The U. S. Jazzland Navy Octette is another big act on the bill, which is usually a featured headline act on all Orpheum bills. There are seven acts in all. Inasmuch as the bill closes on Wednesday night and Thursdays will have only four days in which to see the bill, it would be advisable to attend either today or tomorrow as the management expects business to be capacity at all performances for the four days.

Thursday the Orpheum will start its summer policy of first run feature photoplays. The first attraction opening Thursday and running three days will be Clara Kimball Young in "The Better Wife." The cast includes Kathryn Williams, Lillian Walker, Little Ben, Alexander, Nigel Barrie, Edward Kimball and others. For next Sunday "Doug" Fairbanks latest picture "The Molly coddie" will open for a five days' run. Nothing but the best photoplays will show at the Orpheum during the summer.—Advt.

A Japanese inventor has given a broom a handle with two right angle turns, which he claims is easier to manipulate than a straight handle.

## Electric Fixtures

Including a splendid stock of art domes, chandeliers and drops.

We specialize in fixtures and their hanging. Let us serve you.
